

QUALITY POLICY

At Xenith Consulting, Quality is an integral part our everyday approach to business life. We are committed to achieving the highest quality standards through the provision of technically excellent and cost-effective engineering services and consultancy.

In order to achieve this, Xenith will provide management leadership that will:

- Foster a quality culture with the objective of providing services that are trusted and preferred by our clients and other stakeholders;
- Harness the experience and capability of our connected national and international business network to deliver quality outcomes to our clients;
- Complying with relevant legislation, codes and recognized standards;
- Encouraging participation through collaboration of quality inputs from our employees and clients.

At Xenith Consulting, we will implement this Quality Policy through the application of our Business Management System.

We are committed to the continual improvement of the effectiveness of our Management System which encompasses all professional services undertaken for our clients.
