

MARK GREGORY
 Director (Non-Executive)

BBus (Accounting)
 CPA

Mark is a strategically minded senior executive with broad experience across all business disciplines and diverse industry sectors (including Mining, Mining Services, Professional Services, Property and Media) at CEO and Director levels, within both publicly listed and private corporate environments.

With an intimate understanding of the key ‘enterprise capital’ attributes which drive organisational value and performance, Mark has extensive experience in strategic business planning, financial management and reporting, performance analysis and measurement, merger / acquisition transactions, and all facets of corporate governance, sales and marketing, business development, and human resource management.

Expertise

- Organisational value and performance
- Strategic business planning
- Financial management and reporting
- Performance analysis and measurement
- Merger / acquisition transactions
- Corporate governance
- Sales and marketing
- Business development
- Human resource management.

Career Highlights

- **Walz Group:** Commercialisation of the organisation from a ‘family owned construction company’, to a multi-faceted provider of integrated construction and maintenance services to blue chip, multi-national resources companies.
- **Swift Group:** Led a Board and management team in the growth and diversification of a privately owned mining services / products company for an ultimate sale to a major international mining products business.
